## *Memorandum*

25X1A

TO :  and Chief, GSD

DATE: 18 November 1964

FROM : DAD/S&D

SUBJECT: Telemetry Data Processing Facility

Mr. Miller's memorandum of 16 November indicates the schedule by which he has promised the Subject Facility will be in operation. Wade will you please get with the appropriate project officer in GSD and work out a detailed schedule which will assure us that the promised schedule will be met. I would like to see this schedule in considerable detail with the contractors concurrence. It should be reviewed at a program review meeting in the very near future.

**MEMORANDUM FOR THE RECORD**

**SUBJECT: Telemetry Data Processing Facility**

25X1A 1. A meeting was held in the Office of DD S&T on 16 November to reach a decision on the method by which an Agency special telemetry analog processing facility would be established. In attendance were: Dr. Wheelon, Dr. Chamberlain, Mr. Duckett, Mr. Brandwein, [ ] and the undersigned.

25X1A 2. It was decided to proceed to build the Facility with primary responsibility being placed on OEL and with necessary backup from the 25X1A [ ] This decision was in agreement with the OEL recommendation. The estimated cost is [ ] of which 25X1A [ ] will be supplied by OSI and FMSAC jointly.

3. The decision was based on:

a. The desirability of development of an in-house competence in the production of special telemetry analogs.

25X1A b. The flat assertion on the part of the undersigned that OEL could provide the Facility in approximately the same time as the [ ] proposal and that it would produce special analogs in quantity and quality needed to satisfy the requirements of both OSI and FMSAC.

3. It should be apparent that the undersigned's "neck is out" and that immediate and maximum OEL effort will be expected in order to meet the conditions in 3. a. above.
